### Attention Applicants

Thank you for your interest in obtaining a license to perform health care tasks in Arizona. We are excited to have the opportunity to work with you and help guide you through the application process.

Our mission is to protect public safety through the judicious licensing, regulation and education of all physician assistants. A license to perform health care tasks in Arizona is a privilege, not a right. Please do not assume that licensure is a mere formality or that granting of a license is automatic. Please give your application the time and attention needed to accurately answer all questions. It is the applicant's responsibility to ensure that the information disclosed on the application is correct.

Once your completed application and fee are received by the Board, your application will be reviewed to determine if all items needed to meet Arizona's Revised Statutes and Rules for licensure have been submitted. Please understand that some of the documentation required for licensure must come from the primary source (third party). This can add time to the licensing process. It is the applicant's responsibility to request the documentation from the primary source to be sent directly to the Board. A checklist is provided with this application packet for your convenience.

Some applications evidencing a history of disciplinary action require in-depth investigation and may require additional time and your cooperation. It may become necessary for an applicant to come to the Board's office in Phoenix for an interview as part of the application process. Additionally, if an investigation is required, your application may go before the full Board for consideration of your application.

We will make every effort to complete the application process as quickly as possible. If you have any questions, please do not hesitate to call or email the Board's office. Our staff is happy to assist you in any way we can.

Again, thank you for your interest in an Arizona physician assistant license.

**Application Review Process:**

Board staff will review your application and determine if all items needed to complete your application have been submitted to the Board. If it is determined that your application has deficient items, Board staff will send you a notice with a list of the items still needed to meet requirements. Please allow 15 days for your application to be reviewed by Board staff before calling and requesting a status update. Correspondence will be sent to your email address provided on the application.

Once all information needed to meet the requirements for licensure have been submitted to the Board, your application will undergo a final review by Board staff to ensure all requirements set forth in the Arizona Revised Statutes and Rules have been met.

**Please note:** It is the applicant's responsibility to report to the Board any changes that may have occurred during the application process. Failure to report any adverse actions to the Board during the licensure process may result in denial or revocation of your license.

To review the Arizona Revised Statutes and Rules to ensure that you meet the requirements for licensure, please go to [www.azpa.gov](http://www.azpa.gov)

Confidential Question

- 1. Do you currently have a medical condition that impairs your judgment or adversely affects your ability to practice medicine in a competent, ethical and professional manner?  Yes  No

If yes, please provide an explanation, and if you are currently under a monitoring agreement with another state licensing board, please provide a copy of the monitoring agreement.

The purpose of the confidential question is to allow the Board to determine the applicant's current fitness to perform health care tasks. The mere fact of treatment, monitoring or participation in a support group is not, in itself, a basis of which admission is denied; the Board routinely licenses individuals who demonstrate personal responsibility and maturity in dealing with fitness issues. The Board encourages those applicants who may benefit from assistance to seek it. The Board may limit or deny licensure to applicants whose ability to function is impaired in a manner relevant to the practice of medicine at the time the licensing decision is made or to applicants who demonstrate a lack of candor by their responses. This is consistent with the public purpose that underlies the licensing responsibilities assigned to the Arizona Regulatory Board of Physician Assistants and to the applicants seeking licensure.

**NOTE:** In the event that the response to any of the questions is "Yes", you must file an explanation and submit photocopies of any corresponding documents. Failure to properly answer these questions can result in Board disciplinary action, including revocation or denial of license.
