A. DO-16-0113A Michael Moore, DO

Mr. Moore and his attorney, Steven Perlmutter were present telephonically. Mr. Perlmutter read a statement to the Board supporting why a license should be granted. The CEO with Affiliated Dermatology, Richard Averitte, Jr, MD, made a statement in support of Mr. Moore. The Board discussed the inspirational story and recovery of Mr. Moore and expressed their support of him in returning to medicine yet as their role to protect the public, they had concerns regarding his ability to handle a very busy residency program which he has not previously experienced considering the evaluation report from October 2015.

Mr. Landau moved to enter Executive Session to review records and testimony regarding records which are confidential by statute. Dr. Cunningham seconded. Motion passed. Dr. Averitte disconnected his call. The Board entered Executive Session with Mr. Moore and Mr. Perlmutter at 6:52 p.m. and returned to Open Session at 7:06 p.m.

The Board discussed support for a one year post graduate permit and whether or not further evaluation would be necessary. They asked if there was a reason or basis why he could not enter a post graduate program vs. full licensure. No basis was provided. There was the suggestion that the residency program provide quarterly reports and if those would be required or if they wanted him to come back before the Board in 12 months.

MOTION: Dr. Reiss moved to approve a post graduate for one year with a return to the Board to reassess after one year. The Board welcomes quarterly reports from his program but is not requiring them. Dr. Steingard seconded.

VOTE: Roll call vote, five ayes. Motion passed 5-0.
