MOTION PASSED.

8. MD-20-0418A, RICHARD H. ROSENTHAL, M.D., LIC. #26470

Vice-Chairman Gillard stated that he had met the licensee in the distant past with no contact for several years, and that it would not affect his ability to adjudicate the case. Vice-Chairman Gillard observed that this case stemmed from a complaint with the Arizona Regulatory Board of Physician Assistants wherein the physician was alleged to have failed to maintain an annually updated and signed Delegation Agreement ("DA") with a PA. He also noted that the PA was not hired by the licensee and spoke in support of dismissal.

MOTION: Vice-Chairman Gillard moved for dismissal.

SECOND: Dr. Figge

Dr. Figge noted that this issue is common among emergency medicine medical groups who often rely on the employer for administrative tasks such as this. The Board members discussed concerns regarding the employer and PA being aware of the requirements for maintaining a DA pursuant to statute, as well as the importance of maintaining an up to date DA.

Dr. Beyer spoke against the motion and stated that while he recognized that the PA was not directly hired by the licensee, Dr. Rosenthal served in the capacity of Medical Director at the time in question and should be held accountable for the lack of oversight. Dr. Beyer stated that an Advisory Letter was warranted in this matter. Vice-Chairman Gillard spoke in favor of the motion to dismiss, and stated that the PA is responsible for ensuring that their DA is up to date and signed by their supervisors. Dr. Figge commented, based on his experience of working in the Emergency Department, medical directors are pushed to signing forms whether they agree with it or not as a contingency for their employment. Dr. Figge stated that the intent of the law pertains to the individual supervising the PA, which he stated was not the case here. Dr. Figge stated that the licensee has been made aware of the Board's concerns by having gone through the investigation process, and that an Advisory Letter was not warranted.

Ms. Rivera reported that the licensee's notice for today's proceedings was accompanied by the SIRC report, outlining any concerns that may have been raised in this case. She stated that the physician was relaying information to the Hospital based on what he had learned from this case, and that the PA was recently issued a non-disciplinary sanction

by his respective regulatory agency and has been made aware of the need for a signed up to date DA. Dr. Bethancourt spoke in favor of the motion to dismiss. Ms. Jones pointed out that the Board considered at least three cases during these proceedings that involved the same issues of failure to maintain a DA. Ms. Jones stated that it would be beneficial to establish a mechanism for further educating physicians, PAs and employers regarding this issue. Chairman Farmer observed that the landscape of how healthcare providers are employed has evolved greatly over the years, and spoke in support of further educating the community regarding the statutory requirements for maintaining appropriate DAs.

VOTE: The following Board members voted in favor of the motion: Chairman Farmer, Vice-Chairman Gillard, Dr. Paul, Ms. Bain, Dr. Bethancourt, Dr. Beyer, Ms. Dorrell, Dr. Figge, and Ms. Jones. The following Board member was absent: Dr. Krahn.

VOTE: 8-yay, 0-nay, 0-abstain, 0-recuse, 1-absent.

MOTION PASSED.

Chairman Farmer instructed the Executive Director to explore the suggestion for an educational component per the Board's discussion.

9. MD-19-0916A, MURALI MACHERLA, M.D., LIC. #36880

Complainant MM addressed the Board during the Public Statements portion of the teleconference. Dr. Macherla and Attorney Steve Myers also addressed the Board during the Public Statements.

Dr. Wolf was recused from this matter.

Vice-Chairman Gillard recognized that this was a complicated case involving a patient with several comorbidities. He noted a discrepancy in the file in that the autopsy report noted a considerable hematoma and the pathologist felt the cause of death could have been a hemorrhage, while the SIRC report indicated that the cause of death was renal and respiratory failure.

Mr. Silva summarized that the licensee responded to the allegations that a brief operative note was adequate to which the MC disagreed, noting that the delay in dictation increased the risk of inaccurate information being presented in the operative report. Dr. Vandenheede pointed out that the post implant angiograms revealed and confirmed good positioning and flow with no evidence of leaks. Vice-Chairman Gillard noted that the case was reviewed by two MCs and underwent thorough evaluation by SIRC. He spoke in support of issuing an Advisory Letter to resolve this case.

MOTION: Dr. Bethancourt moved for the Board to issue an Advisory Letter for failure to dictate an operative report in a timely manner. While there is insufficient evidence to support disciplinary action, the Board believes that continuation of the activities that led to the investigation may result in further Board action against the licensee.

SECOND: Dr. Figge

VOTE: The following Board members voted in favor of the motion: Chairman Farmer, Vice-Chairman Gillard, Dr. Paul, Ms. Bain, Dr. Bethancourt, Dr. Beyer, Ms. Dorrell, Dr. Figge, and Ms. Jones. The following Board member was absent: Dr. Krahn.

Attorney Melissa San Angelo addressed the Board during the Public Statements portion of the teleconference on behalf of Dr. Askam.

RESOLUTION: Issue an Advisory Letter for failing to verify radiologically and document that a wrist fracture was appropriately reduced; and failing to document a lower limb brace placement. There is insufficient evidence to support disciplinary action.

11. MD-20-0091A, BRIAN P. TENELSHOF, M.D., LIC. #45677

Vice-Chairman Gillard observed that this matter stemmed from a malpractice settlement that involved a number of individuals and that the licensee's counsel took responsibility for the delayed response to the Board. He noted the proposed findings that the physician failed to have an updated Delegation Agreement. Vice-Chairman Gillard stated that this was an Emergency Room physician who most likely did not directly hire the PA, and he spoke in support of dismissal.

MOTION: Vice-Chairman Gillard moved for dismissal.

SECOND: Dr. Figge

VOTE: The following Board members voted in favor of the motion: Chairman Farmer, Vice-Chairman Gillard, Dr. Paul, Ms. Bain, Dr. Bethancourt, Dr. Beyer, Ms. Dorrell, Dr. Figge, and Ms. Jones. The following Board member was absent: Dr. Krahn.

1. MD-20-0507A, DAVID LEE, M.D., LIC. #48113

Vice-Chairman Gillard observed that this matter stemmed from a self-report of a malpractice settlement involving the licensee. He noted that the underlying patient care was complicated and that the physician recognized that he misread imaging. Vice-Chairman Gillard stated that while he agreed with the issuance of an Advisory Letter in this matter, he questioned whether CME was warranted. He stated that having gone through the litigation and investigation processes, the physician has been made aware of the issues identified in this matter.

MOTION: Vice-Chairman Gillard moved for the Board to issue an Advisory Letter for misinterpreting CT scan images of the abdomen. While there is insufficient evidence to support disciplinary action, the Board believes that continuation of the activities that led to the investigation may result in further Board action against the licensee.
