

Notice to Healthcare Providers on COVID-19 Vaccination Data Collection

**Sent by Arizona Medical Board to All MDs,
DOs and PAs on behalf of the Dept. of Health
Services (ADHS)**

Notice to Healthcare Providers on COVID-19 Vaccination Data Collection

The following is a notice on data collection requirements for healthcare providers administering the COVID-19 vaccine.

In accordance with Arizona [Executive Order 2020-57](#) and pursuant to the Enhanced Surveillance Advisory and A.R.S. §§ 36-782(B)(I) and (4), 36-783(A), (D) and (F), and 36-787(A), an individual or local health agency who administers COVID-19 vaccine shall report the following through the Arizona Department of Health Services (ADHS) Vaccine Management Tool or an electronic health reporting system that can report to the Arizona State Immunization Information System (ASIIS) every 24 hours:

- a. The individual's name, date of birth, gender, race/ethnicity, residential address, phone number, and vaccine priority group;
- b. The vaccine product information, including CVX, dose number, lot number, manufacturer, and expiration date;
- c. The route of administration and administration site on the patient's body;
- d. The month, day, and year of each immunization;
- e. The facility administration site details including facility name, type, and address; and
- f. Attest to providing the individual with follow up information if a second dose is required.
